PLANTING A TREE

ENVIRONMENTAL DAY CELEBRATION

The environmental day is the day reminding us that all living beings are interrelated in one way or another way. The Department of Computer Studies celebrated World Environment Day on 5th June 2018 by planting a tree on the Campus. It was an initiative program from Management and students associations. As part of the Environment day celebration, Management donated a tree for all the departments and it was distributed in the Inaugural meetings. All HODs received their plants and the 'Planting A Tree' program was conducted by the departments and associations. Alby Bijoy President and Jenna Sebastian Secretary together with HOD of the Department planted the tree and in her felicitation speech, she informed about the importance of planting and how it will affect the environment. Standing near the new plant, all the students took a pledge to save the environment.

An essay writing competition was conducted to evaluate the student's capabilities. A posture-making competition was also conducted on the environment day about environmental protection. The aim is to create awareness about the importance of a healthy environment in the present day.

INDUCTION PROGRAMME FOR I BCA **AND FRESHERS' DAY**

The Department of Computer Application hosted an induction program for the first-year students on 11th July Wednesday 2018. The program was organized to address the students about academic and non-academic activities. The head of the Department extended a warm welcome to the students and delivered the induction address. During the session, the students were given input about the syllabus and explained the importance of internal assessments and end-semester examinations. The academic regulations, courses in the curriculum, CGPA calculations were also briefed to the students. The students were addressed about the various club activities at Navajyothi College and opportunities to excel in sports activities. The principal of the institution felicitated the students giving an insight into the principles and ideology of the institution. Also, he spoke about the facilities available and the events carried out inside the campus. A summary of online learning platforms, internship programs, and competitive exams was addressed. The students have also undergone interactive sessions with the mentors assigned to them.

After the induction Program Students of First Year BCA were welcomed by the senior students of the department. The freshers were welcomed with the red rose to this party which was organized by 2nd and 3rd-year students of BCA, in the Department hall at 2 PM. This day was memorable in the life of every fresher. All the new students had the opportunity to introduce themselves and they got a chance to showcase their talents. There were some performances like solo, Duo, Group from senior students. It was quite entertaining. Later small games were organized to make the function more tricky and fun. This fresher's day helped the fresher to boost their confidence and was able to make friends with seniors.

List of Students joined in the academic year 2018-19

1	Aleena Thomas	9	Shamal NS
2	Amala Francis	10	Praveena K
3	AnetTaj	11	Sona Manikandan
4	Aswathi Babu	12	Sreejitha KS
5	Juliet Mathew	13	Thasni T.S
6	Sneha Sebastian	14	Ajay PD
7	Tintu George	15	Alberto Jaison
8	James Dominic	16	Albin Thomas

17	Antony James	24	Jomon C. Joseph
18	Arjun Shaji	25	Joseph KT
19	Aswin P	26	Shuhail M Shaji
20	Cyril Babu	27	Sinnoor C
21	Dominic Jose		
22	Ebin SM		
23	Jins		

Seminar on Ethical Hacking

The Department of Computer studies conducted a seminar on **Ethical Hacking** for the students of BCA on 24th July 2018. The topic was appropriate and relevant for the students. Growing cases of computer hacking have forced renowned companies, financial institutions, and government organizations to recruit ethical hackers. Ethical hackers help these companies in finding out vulnerabilities and possible security leaks of their computer systems and also to protect them from any potential threat. So Ethical Hacking as a career has promising prospects shortly.

Resource person Rahul R, from 'TRIDENT Software Solutions', Payyannur, explained in detail how to hack a website with a coding demo. He also makes students aware of the changes in a career as an ethical hacker. Students are very much interested and their feedback is given as to know that they have got a good knowledge about the topic.

Teacher's Day celebration 2018

Teachers play a great role in students' lives. Our country celebrates 5th September as Teacher's Day. On behalf of this, the Department of computer studies took the initiative to honor all the faculty by appreciating words and also by giving some simple gifts to them. The day was so remarkable to have celebrated with such deep pomp. Alby Bijoy and Swarna V Joby, President and Secretary respectively of Computer Studies Association coordinated the entire program. The program was significant in nourishing the relationship between teachers and students of our college.

IT MEGA QUIZ-2K19

The Department of Computer Studies organized an Interdepartmental IT Quiz on 15th February 2019 in the audiovisual room. A team of two members from each department participated. There was a Preliminary written Round conducted and five teams were qualified for the Main. Questions were demonstrated and presented before the audience. There was a panel of judges to evaluate their quiz. Mrs. Aney Suphalamma, HOD, Dept. of Computer Studies, and Mrs. Simna Simon, Assistant Professor are the coordinators of the program. PG Department of Commerce won the first prize and the department of management studies awarded second prize.
